# ABOUT FAIRGAZE MUN

---

FairGaze MUN is a dynamic simulation of the United Nations, where students step into the role of diplomats to debate global issues, represent countries, and propose solutions to real-world challenges. As a delegate, you'll gain insights into international relations, develop leadership and public speaking skills, and experience the power of diplomacy firsthand. Get ready to engage, collaborate, and make your voice count on a global stage.

# ABOUT YS FAIRGAZE MUN 3.0

We are thrilled to welcome you to the third edition of YS FairGaze MUN, a flagship event proudly organized by FairGaze in association with YS Group of Institutes, Barnala. Building on the remarkable success of our last two editions, YS FairGaze MUN 3.0 promises to be even more dynamic, insightful, and impactful. This platform offers you the unique opportunity to step into the shoes of global diplomats, represent nations, and engage in meaningful dialogue on some of the world's most pressing issues. Get ready to debate, collaborate, and lead. Your voice has the power to shape the future—and that journey starts now.

# WELCOME TO YS FAIRGAZE MUN 3.0

As we gear up for the third edition, YS FairGaze MUN 3.0, organized by FairGaze in association with YS Group of Institutes, Barnala, is set to reach new heights of diplomacy, dialogue, and leadership. Scheduled for 26th and 27th July 2025, this flagship event brings together passionate young minds ready to engage with the world's most pressing issues.

This edition will feature nine powerful committees—UNGA, UNSC Junior Forum, UNSC Senior Forum, DISEC, UNESCO, AIPPM, WHO, Lok Sabha and IP — each offering a platform for thought-provoking debates, collaborative problem-solving, and impactful resolutions.

With over 200 delegates expected from across the region, YS FairGaze MUN 3.0 promises an enriching experience that sharpens public speaking, negotiation, and critical thinking skills—all while fostering a deeper understanding of international affairs and national policy-making.

# PREVIOUS EDITION GLIMPSES

---

# UNGA

## UNITED NATIONS GENERAL ASSEMBLY

### **Agenda: Addressing the Impact of Climate Change as the Most Significant Threat to Future Generations.**

The UNGA, representing all 193 member states, is the primary platform for global dialogue. This year, it tackles the urgent challenge of climate change—a growing crisis that threatens ecosystems, economies, and the lives of future generations. Delegates will explore innovative and cooperative strategies to mitigate climate impacts and build a sustainable global future.

# UNSC

## JUNIOR FORUM

### UNITED NATIONS SECURITY COUNCIL

#### **Agenda: Deliberating on the Responsibility of Nations in Ensuring Protection and Support for Refugees**

The UNSC Junior Forum, designed for delegates from Grades 6 to 8, offers a meaningful space for young voices to explore global peace and security issues. In today's world, many people are forced to leave their homes because of war, danger, or natural disasters. These individuals, known as refugees, often face tough challenges in finding safety and support. This session encourages junior delegates to understand the reasons behind the refugee crisis and to think about how countries around the world can work together to protect and help those in need. Through discussion and collaboration, delegates will begin shaping compassionate and thoughtful solutions for a better future.

# UNSC

## SENIOR FORUM

### UNITED NATIONS SECURITY COUNCIL

#### **Agenda: Deliberating on the Responsibility of Nations in Ensuring Protection and Support for Refugees**

The UNSC Senior Forum, composed of delegates from Grades 9 to 12, addresses one of the most urgent humanitarian challenges of our time—the global refugee crisis. As millions are displaced due to conflict, persecution, and climate-related disasters, the international community faces mounting pressure to uphold human rights and ensure adequate protection and support for refugees. This session calls on senior delegates to engage in high-level deliberations on the legal, moral, and political responsibilities of nations, evaluate current international mechanisms, and propose robust strategies to strengthen global solidarity and safeguard the dignity and security of displaced populations.

# DISEC

## DISARMAMENT AND INTERNATIONAL SECURITY COMMITTEE

### **Agenda: Regulating the Use of Surveillance Drones: Balancing National Security and Individual Privacy.**

DISEC addresses global threats to peace and security, especially those tied to disarmament and defense technologies. With surveillance drones becoming increasingly widespread, delegates must debate the fine line between ensuring national security and protecting civil liberties, seeking frameworks for ethical and controlled usage.

# UNESCO

**UNITED NATIONS EDUCATIONAL, SCIENTIFIC  
AND CULTURAL ORGANIZATION**

**Agenda: Evaluating the Role of Social Media in Threatening  
Individual Privacy and Cultural Integrity.**

UNESCO focuses on the protection of cultural heritage and the promotion of knowledge, education, and human rights. In this session, delegates will examine how social media—while a tool for connection and education—can also compromise personal privacy and erode cultural values. The committee aims to find a balance between digital freedom and cultural protection.

# AIPPM

## ALL INDIA POLITICAL PARTIES MEET

**Agenda: Integrating Financial Literacy into Mandated School Curricula: A Step Towards Sustainable Development and Economic Empowerment.**

The AIPPM brings together representatives from major political parties across India to engage in meaningful dialogue on national issues. This session focuses on the urgent need to embed financial literacy into the school curriculum. Delegates will deliberate on policies to equip students with essential life skills in personal finance, digital banking, budgeting, and responsible spending. The discussion will emphasize financial literacy as a tool for empowerment, economic inclusion, and sustainable development in a rapidly evolving economy.

# WHO

**WORLD HEALTH ORGANIZATION**

**Agenda: Inclusive Mental Health Policies for Individuals with Physical Disabilities and Chronic Illnesses like COPD, Alzheimer's Disease, etc.**

As the global health authority, the WHO committee addresses critical public health challenges. This session centers on integrating mental health support into healthcare systems for individuals facing chronic illnesses and physical disabilities. Delegates will discuss barriers to mental healthcare, advocate for inclusive and rights-based policies, and propose models that ensure mental well-being is recognized as a core aspect of holistic healthcare. The aim is to create equitable systems that leave no one behind.

# LOK SABHA

## **Agenda: Assessing India's Readiness for a Cashless Economy: Opportunities and Challenges.**

The Lok Sabha, the lower house of India's Parliament, provides a forum for robust domestic policy debate.

Delegates will discuss the transition toward a cashless economy, evaluating its potential to boost transparency and efficiency against challenges like digital access, cybersecurity, and rural connectivity. Expect rigorous debate grounded in Indian socio-economic realities.

# IP

## **INTERNATIONAL PRESS**

### **Agenda: Open to all Caricaturists, Reporters, and Photographers**

The International Press serves as the voice and lens of the conference, capturing the essence of debate, diplomacy, and dynamic interactions. Open to all caricaturists, reporters, and photographers, this forum offers participants the opportunity to creatively document the proceedings, provide critical analysis, and highlight key moments across committees. Whether through sharp reporting, compelling imagery, or satirical art, members of the International Press play a vital role in shaping how the story of the conference is told—balancing truth, insight, and creativity in every piece they produce.
