

# **POSITION PAPER**

**COUNTRY: UNITED KINGDOM [UK]**

**COMMITTEE : The food and agriculture  
Organization**

**DELGATE : REEYA SUSAN KURIAN**

**AGENDA : Strenghtening Food Securiy and  
sustainable Agriculture Development**

**LOCATION :** United Kingdom , is an island country located off the northwestern coast of mainland Europe. The United Kindom comprises the whole of the island of Great Britian – which contains England , Wales and Scotland as well as the northern portion of the island of Ireland .

## **INTRODUCTION –**

**Agricultural development plays a major role in improving FSN [Farm system for Nutrition] by increasing the quantity and diversity of food as a driver of economic transformation and , because agriculture is the main source of income for a majority of the people who live in the most extreme poverty. Earning sufficient income from agriculture is key for the 1.3 billion people who work in the sector, and directly determines their food security. Extensive experience across many countries over many years shows that both agricultural development and economy-wide growth are needed to improve FSN, and that the former can reinforce**

the latter. It is a powerful engine for the development of the agriculture and food sector, a driver of major economic, social and environmental changes in food systems worldwide, and a uniquely powerful entry point for understanding the issues around sustainable agricultural development as a whole.

### **Steps taken for developing the agriculture sector**

- Multiple cropping Advertisements
- Expansion of Irrigation Facilities
- Use of HYV Seeds
- Plant Protection
- Scientific Methods of Cultivation
- Use of Mechanization
- More use of Chemical Fertilizers

The United Nations government also had made laws for ensuring affordable amount of Food for all the households living in that particular

### **THE AGRICULTURE LAWS ADAPTED BY THE UK GOVERNMENT**

- The farmer's produce trade and commerce act
- The essential Commodities Act
- The farmers Agreement on Price Assurance and Farm services Act .

### **HOW DID THE GOVERNMENT ENSURE SUSTAINABLE AGRICULTURE AND FOOD SECURITY ?**

Households in the UK is wanted to have affordable , nutritious food while governments are supposed to ensure access to sufficient and safe food . The new agriculture Bill 2019-20 reintroduced to the parliament in January 2020 , introduces a duty for the Government to report to the Parliament on food security in the UK .
