United Nation of High Commission for Refugees AGENDA: Potential Solutions for the problem of Refugee Crisis in Ukraine

Belgium, officially the Kingdom of Belgium, is a country in Northwestern Europe. It is a developed country. The country is bordered by the Netherlands to the north, Germany to the east, Luxembourg to the southeast, France to the southwest, and the North Sea to the northwest. It covers an area of 30,689 km² (11,849 sq mi) and has a population of more than 11.5 million. Despite the heavy industrial component, services account for 74.9% of GDP, while agriculture accounts for only 1% of GDP. **In spite of its small size, Belgium's economy has consistently placed among the top 20 economies of the world and remains strong.**

As we know that Ukraine and Russia had a war, many people suffered very bad impact on themselves. Ukraine refugees moved to many countries to save their life, Belgium accepted every refugee of Ukraine and provided full support to each and every person. We are deeply

moved by the solidarity of our fellow citizens in welcoming refugees from Ukraine. We express our support for the Ukrainian people and hope that this war will end as soon as possible. Belgium provided medical, shelter, arriving support to all refugees.
