

POSITION PAPER

NAME OF THE DELIGATE	= KAUSTAVA KUNDU
COMMITTEE	= UNITED NATIONS ENVIRONMENT ASSEMBLY
COUNTRY	= NORWAY
AGENDA	= RESPONSIBLE DISPOSAL OF E-WASTE AND HAZARDANOUS WASTE

NORWAY IS THE COUNTRY WHICH MANAGES ITS E-WASTE IN A VERY MAGNIFICENT WAY AND MAKES IT BEST IN E WASTE MANAGEMENT.

HUGE AMOUNT OF RECYCLING AND RECOVERY OF E-WASTE IN NORWAY HAS ONLY BEEN POSSIBLE DUE TO THE PRESENCE OF EFFICIENT TAKE BACK SYSTEM AND COLLECTIVE INTREST TO THE PRODUCERS AND IMPORTERS FOR E WASTE MANAGEMENT AS COMPILED BY THE LEGISLATION

82% E WASTE PRODUCED BY NORWAY IS COLLECTED AND FOLLOWS MATERIAL RECYCLING, 13% E WASTE PRODUCED BY NORWAY IS COLLECTED AND USE TO RECOVER ENERGY REMAINING, 5% E WASTE PRODUCED BY NORWAY FILLWS LAND FILLING IN NORWAYS UN POPULATED AREA, THIS IS HOW NORWAY IS MANAGING ITS 100% E-WASTE

NORWAY MANAGES ITS HAZARDOUS WASTE BY COLLECTING IT AND SENDING THE WASTER INTO NORWAYS ENERGY PLANTS, IN THE PLANTS THEY SEPERATE THE WASTE BY THEIR COLOUR AND CONSUMPTION CATAGORY AND THEN A PART OF WASTE SENT TO BIOGAS PLANT AND TRANSFORMED INTO BIOGAS AND BIO FERTILIZER AND OTHER PART OF WASTE GOES FOR REMOULDING AND FORMING COMPOST. THE REMAINING WASTE IS AGAIN FILLED IN UNPOPULATED LAND.

SOME WAYS NORWAY WOUCLD LIKE TO PRESENT TO UNEA FOR MANAGING E-WASTE AND HAZARDOUS WASTE

- 1.BRING ADVERTISEMENTS IN SEVERAL OTT PLATFORMS ON E-WASTE RECYCLING
- 2.ISSUE A LAW OF USAGE TO LIMITED ELECTRONICS WHICH NEEDED
- 3.BRING UP MORE CAMPAINGS TO AFFECTED COMMITIES
- 4.INTRODUCING BIO BAGS BY REPLACING UN-RECYCLABLE PLASTIC BAGS
- 5.MAKING A PROPER LOCATION FOR E-WASTE RECYCLING CENTERS

NORWAY WANT TO INTRODUCE THESE STRATEGIES TO UNEA AND TO THE WHOLE WORLD WHICH WILL HELP THIS WORLD TO RECYCLE RESPOSIBLY [Act#ForNature](#)
